

“If you had to identify, in one word, the reason why the human race has not achieved, and will never achieve, its full potential, that word would be 'meetings' - Dave Barry”

The need of the hour to manage physical meetings

Meet in person always remain valuable and virtual meetings can never replace it. MEET PASS – is a solution to manage SAFE, SMART, and SECURE physical meetings that matter. The moment you think to gather back again physically, MEET PASS can make it happen. To Start anything, meetings are necessary. We believe that with a conscience, companies can succeed with a soul to grow. That's why we have developed a meeting platform that brings together technology, value, and social responsibility to help companies grow better every day.

What is Meet Pass ?

Meet Pass is a central system that manages the complete process of organizational meetings using enhanced features and tools. Using this sole platform every organization can connect with their clients by hosting secured physical meetings and keep track of each meeting's detail and have them archived. Meet Pass dashboard facilitates a system to manage meeting attendees for physical meetings and have Meet Pass generated for secure accessibility in the organization. The meeting host can connect both the in-house members and their clients through Meet Pass Application. All the meeting attendees can have access to meetings specifics such as MOM, agenda, list of invitees and more in their Meet Pass app. The productivity of meetings can be analyzed with Meet Pass. This multitasking platform can provide smart meeting solutions and provide clear visibility of all meeting details. From a management perspective, every meeting of the organization can be tracked in the archive and a meeting management system can actually make an employee feel important and responsible hence improving productivity. Both the organization dashboard and user Meet Pass app are loaded with features and tools to manage physical meetings that matter.

MEET PASS

About Meet Pass

Meet in person always remains highly valuable and virtual meetings can never replace it. We found this need and have developed MEET PASS, a solution that makes meetings matter.

To meet up with a person, team or a crowd, Meet Pass is the solution now to make it transpire by fulfilling all the procedures of meetings. Anyone can be invited to the physical meetings through Meet Pass. A quick SMS / Email notification will be received the very next moment and you can start using Meet Pass.

The Meet Pass App is completely free to download. The App will give you all the needed information about your meeting which includes the date, time, location, other participants, meeting's agenda, and many more. An added feature for both the user and organization would be requesting and allocating Car passes for their meetings. You won't have to share any documents and no need to write your data on the ledger book. We have got everything covered in the meet pass QR Code. Just show the Meet Pass, get scanned, and get in.

We have also developed a mobile application to scan the MEET PASS of attendees to admit them to the meeting. The attendance will be automatically marked in the organization dashboard. The building owners and securities can safeguard their building premise and track who comes in whenever they want. There is more! Our technology stack has provided a bunch of other perks in the areas of productivity which include Quick Meetings / Follow-up Meetings / MOM / Task Management / Meeting reports / Dedicated links for Meeting requests and Appointments and many more.

The small talk that takes place in person can re-build better communication and go the extra mile. We want to help you share your stories and ideas again in person and to experience the fellowship with your colleagues. We know that online gatherings are the trend but as we move to the new normal and meet in person remains vital and essential, meet pass can make it happen.

Let's come back to meet, merge and mingle with MEET PASS.

Vision

Our Vision is to be the smart customer-centric one-stop solution where anyone can rely on their physical meetings and events.

Mission

Our Mission is to provide a technology platform for their physical meetings and gatherings to unlock the potential of the workforce and thus help organizations and communities to thrive and work together effortlessly towards a better tomorrow.

Team

We believe the workplace is as productive and innovative as the people in it. So, we are passionate to create better meeting solutions for the modern environment.

Meet, Mingle & Merge

We'd love to hear from you!

We have the solution. Let's work together to create a new meeting experience.
